maturing 15 December 2026
3.35% p.a.

10 year bond
maturing 15 December 2029
**3.50% p.a. (rate reset on 15 December 2020

Terms Sheet dated 20 August 2019

This Terms Sheet sets out the key terms of the offer ("**Offer**") by Infratil Limited ("**Infratil**") of up to \$200,000,000 (plus oversubscriptions of up to \$100,000,000) of bonds ("**Infrastructure Bonds**") in two separate Series:

- the first Series is an Infrastructure Bond maturing on 15 December 2026 ("**2026 Bonds**"); and
- the second Series is an Infrastructure Bond maturing on 15 December 2029 ("**2029 Bonds**").

The Infrastructure Bonds of each Series will be issued under the programme trust deed dated 11 November 1999 (as amended from time to time) between Infratil and Trustees Executors Limited as supplemented by the series supplement for that Series dated 20 August 2019 (together, "**Trust Deed**"). Unless the context requires otherwise, capitalised terms used in this Terms Sheet have the same meaning given to them in the Trust Deed.

Important Notice

The Offer by Infratil is made in reliance upon the exclusion in clause 19 of schedule 1 of the Financial Markets Conduct Act 2013 ("**FMCA**").

The Offer contained in this Terms Sheet is an offer of two Series of Infrastructure Bonds, each of which have identical rights, privileges, limitations and conditions (except for the interest rate and maturity date) as:

- Infratil's bonds maturing on 15 December 2028, which have an interest rate of 4.85% per annum (rate reset after five years) and which are currently quoted on the NZX Debt Market under the ticker code IFT270 ("**IFT270 Bonds**");
- Infratil's fixed rate bonds maturing on 15 December 2024, which have an interest rate of 4.75% per annum and which are currently quoted on the NZX Debt Market under the ticker code IFT260 ("**IFT260 Bonds**");
- Infratil's fixed rate bonds maturing on 15 June 2025, which have an interest rate of 6.15% per annum and which are currently quoted on the NZX Debt Market under the ticker code IFT250 ("**IFT250 Bonds**");
- Infratil's fixed rate bonds maturing on 15 December 2022, which have an interest rate of 5.65% per annum and which are currently quoted on the NZX Debt Market under the ticker code IFT240 ("**IFT240 Bonds**");
- Infratil's fixed rate bonds maturing on 15 June 2024, which have an interest rate of 5.50% per annum and which are currently quoted on the NZX Debt Market under the ticker code IFT230 ("**IFT230 Bonds**");
- Infratil's fixed rate bonds maturing on 15 June 2021, which have an interest rate of 4.90% per annum and which are currently quoted on the NZX Debt

Market under the ticker code IFT220 ("**IFT220 Bonds**");

- Infratil's fixed rate bonds maturing on 15 September 2023, which have an interest rate of 5.25% per annum and which are currently quoted on the NZX Debt Market under the ticker code IFT210 ("**IFT210 Bonds**"); and
- Infratil's fixed rate bonds maturing on 15 June 2022, which have an interest rate of 6.85% per annum and which are currently quoted on the NZX Debt Market under the ticker code IFT190 ("**IFT190 Bonds**"),

together the "**Quoted Bonds**".

Accordingly, the Infrastructure Bonds are the same class as the Quoted Bonds for the purposes of the FMCA and the Financial Markets Conduct Regulations 2014.

Infratil is subject to a disclosure obligation that requires it to notify certain material information to NZX Limited ("**NZX**") for the purpose of that information being made available to participants in the market and that information can be found by visiting www.nzx.com/companies/IFT.

The Quoted Bonds are the only debt securities of Infratil that are currently quoted and in the same class as the Infrastructure Bonds that are being offered.

Investors should look to the market price of the Quoted Bonds referred to above to find out how the market assesses the returns and risk premium for those bonds.

The 2026 Bonds and the 2029 Bonds have different maturity dates and interest rates (the interest rate for the 2026 Bonds is fixed for the entire term, whereas the interest rate for the 2029 Bonds is fixed for the first 15 months of the term and then resets annually – see "Interest Rate" below for more details). Investors should consider these features before deciding to invest in the Infrastructure Bonds.

Key Terms of the Infrastructure Bonds

Issuer:	Infratil Limited
Description:	Infrastructure Bonds are unsecured, unsubordinated debt securities of Infratil to be issued pursuant to the Trust Deed
Opening Date:	20 August 2019
Offer Amount:	The Offer is for up to \$200 million of Infrastructure Bonds in aggregate across both Series of Infrastructure Bonds (with the option to accept oversubscriptions of up to \$100 million in aggregate at Infratil's discretion). Accordingly, the maximum aggregate amount of Infrastructure Bonds being offered by Infratil is \$300 million. There is no minimum size for each Series of Infrastructure Bonds.
Closing Date:	5.00pm, 20 September 2019
Interest Rate:	<p>2026 Bonds: 3.35% per annum</p> <p>2029 Bonds:</p> <p>The Interest Rate of the 2029 Bonds will be fixed for the first 15 months of the term, and will then reset on 15 December 2020 and on 15 December of each subsequent year.</p> <p>First 15 months: The Interest Rate of the 2029 Bonds for the period from the Issue Date to (and including) 15 December 2020 will be 3.50% per annum.</p> <p>Subsequent years: The Interest Rate will reset on 15 December 2020 and on 15 December of each subsequent year during the term of the 2029 Bonds (each, a "Rate Reset Date"), with the new Interest Rate applying for the 12 month period from (but excluding) the Rate Reset Date to (and including) 15 December of the following year. The Interest Rate for each 12 month period will be the sum of the One Year Swap Rate on the applicable Rate Reset Date (or, if the Rate Reset Date falls on a day that is not a Business Day, on the following Business Day) plus a margin of 2.50% per annum.</p> <p>For example, for the 12 month period from (but excluding) 15 December 2020 to (and including) 15 December 2021, the Interest Rate will be the sum of the One Year Swap Rate on 15 December 2020 plus 2.50% per annum.</p> <p>Each time the Interest Rate resets, Infratil will announce the new Interest Rate via NZX on the same day (or, if the Rate Reset Date falls on a day that is not a Business Day, on the following Business Day).</p> <p>The Interest Rate of the 2029 Bonds following each reset may be higher or lower than the Interest Rate of 3.50% which applies for the first 15 months of the term, and investors should consider the risk that it may be lower when deciding whether to invest.</p>
One Year Swap Rate:	<p>The One Year Swap Rate means, on any day:</p> <p>(a) the mid market swap rate for an interest rate swap with a one year term as calculated by the Issuer at 11.00am on that day in accordance with market convention with reference to Bloomberg page ICNZ4 (or any successor page); or</p> <p>(b) if a rate is unable to be determined in accordance with paragraph (a) or if the Issuer forms a view, on reasonable grounds, that the rate so determined is not an accurate reflection of market rates, the average of the mean bid and offered swap rates quoted by three registered banks in New Zealand at or about 11.00am on that day for an interest rate swap with a one year term,</p> <p>in each case expressed on a quarterly basis and rounded to 2 decimal places if necessary, with 0.005 being rounded up. If the relevant rate is less than 0% per annum, the One Year Swap Rate will be deemed to be 0% per annum.</p>

Maturity Date:**2026 Bonds:** 15 December 2026**2029 Bonds:** 15 December 2029

Interest Payment Dates:

15 March, 15 June, 15 September and 15 December of each year until and including the Maturity Date (commencing on 15 December 2019).

Interest Payments:

Other than for the first Interest Payment Date, Infracore will pay interest in arrear in equal amounts on each Interest Payment Date. The Interest Rate which applies in respect of each Interest Payment Date of the 2029 Bonds will be fixed for the first 15 months of the term, and then reset on 15 December 2020 and on 15 December of each subsequent year (see "Interest Rate" above for more details).

Interest payable on each Infrastructure Bond on the first Interest Payment Date will accrue at the Interest Rate from (and including) the date on which your subscription moneys have been banked into the trust account operated in respect of the Offer to (but excluding) the first Interest Payment Date.

In addition, if the Infrastructure Bonds are redeemed on a day that is not an Interest Payment Date (see "Right to Redeem Early" and "Early Redemption Events" below), the amount of interest that will be payable to you will be adjusted to reflect the number of days in the interest period in which the interest accrued.

First Interest Payment to Original Subscriber:

Interest payable on the first Interest Payment Date will be paid by Infracore to the original subscriber of an Infrastructure Bond regardless of any transfer of the Infrastructure Bond prior to the first Interest Payment Date.

Interest Suspension and Dividend Stopper:

Infracore may suspend the payment of interest where an Interest Suspension Event exists. If the payment of interest is suspended:

- (a) interest will continue to accrue (without compounding) and will be paid by Infracore when the Interest Suspension Event ceases to exist; and
 - (b) Infracore will not pay or make any distribution to shareholders or provide any financial assistance for the acquisition of shares in Infracore.
-

Interest Suspension Events:

In summary, an Interest Suspension Event may occur if:

- (a) the interest payment would be likely to breach the solvency test in section 4 of the Companies Act 1993;
 - (b) the interest payment would be likely to result in a breach of the terms or conditions of other financial indebtedness incurred by Infracore or certain of its subsidiaries; or
 - (c) the interest payment would be likely to result in a breach of any other legal obligation by Infracore or certain of its subsidiaries.
-

Right to Redeem Early:

Infratil has the right to redeem all or some of the Infrastructure Bonds of each Series prior to the Maturity Date for that Series by giving you no less than 5 Business Days' notice. Infratil may only exercise this right if:

- (a) the Supervisor has not declared the relevant Series of Infrastructure Bonds due and payable because an event of default as described in clause 8.1 of the Trust Deed exists; and
- (b) the notice of early redemption is given at a time prior to the day falling 25 Business Days before the Maturity Date.

You have no right of early redemption except following an Early Redemption Event.

Early Redemption Events:

In summary, an Early Redemption Event may occur if:

- (a) an event of default as described in clause 8.1 of the Trust Deed occurs; or
- (b) certain takeover offers are made in respect of the shares in Infratil.

In general terms, the events of default include non-payment for 14 days or more and the occurrence of certain insolvency related events in relation to Infratil.

Liabilities to Assets Covenant:

Infratil has agreed for the benefit of Bondholders that, on the last day of each financial year and financial half-year of Infratil (and in certain other circumstances), Borrowed Money Indebtedness of the Issuer Group (being Infratil and certain of its 100% owned subsidiaries) will not exceed 50% of Tangible Assets of Infratil and its subsidiaries as at that date.

Ranking of Infrastructure Bonds:

The Infrastructure Bonds are unsecured and unsubordinated debt obligations of Infratil. This means that in a liquidation of Infratil your rights and claims as a Bondholder:

- (a) will rank **after** the claims of (i) secured creditors of Infratil (if any), and (ii) creditors of Infratil who are preferred by law (e.g. the Inland Revenue Department in respect of unpaid tax);
- (b) will rank **equally** with the claims of all other unsecured, unsubordinated creditors of Infratil; and
- (c) will rank in **priority** to the claims of (i) subordinated creditors of Infratil (if any) (being creditors who have agreed to accept a lower priority in respect of their claims in a liquidation of Infratil), and (ii) shareholders.

Infratil is a holding company with investments in various companies. **Bondholders have no claims against, or recourse to the assets of, any of those companies.** Infratil's ability to make timely payments on the Infrastructure Bonds is dependent on the returns it receives from its investments, its capital structure and the quality of its management.

In a liquidation of the Infratil group, creditors of Infratil's subsidiaries and associates (including lenders) would have a prior claim to the assets of those companies ranking ahead of the claim of Infratil's liquidator (claiming as shareholder in the companies). Only the residual assets of the companies, after the claims of the companies' creditors have been satisfied, would be available to Infratil's liquidator and therefore Infratil's creditors (including Bondholders).

No Guarantee:

The Infrastructure Bonds are not guaranteed by any member of the Infratil group or any other person.

B = Application Details

Please enter the aggregate Face Value of Infrastructure Bonds of each Series that you wish to apply for. Each Infrastructure Bond has a face value of \$1.00. An application to subscribe for Infrastructure Bonds of each Series must be for a minimum aggregate Face Value of \$5,000 and thereafter in multiples of \$1,000.

Payment must be made by direct debit, cheque (or, if the application is for an aggregate subscription amount of \$500,000 or more, by a bank cheque).

If you choose the direct debit option, by completing the direct debit account details, you authorise the Registrar to direct debit the bank account nominated on the application Form, on the day the application form is received by the Registrar, for the amount applied for on the application form. You cannot specify any other direct debit date and you must ensure that:

- the bank account details supplied are correct;
- sufficient funds in the bank account for direct debit are available on the day the Registrar receives the application form;
- the person(s) giving the direct debit instruction has/have the authority to operate the account solely/jointly; and

allotment of any Infrastructure Bonds or acceptance of an offer to subscribe for Infrastructure Bonds.

If an applicant's direct debit or cheque is dishonoured, Infratil may cancel that applicant's allotment of Infrastructure Bonds and pursue any other remedies available to it at law. Investors who are members of NZClear may, by prior arrangement with the Registrar, settle their applications for the Infrastructure Bonds on the relevant Issue Date of the Infrastructure Bonds through the NZClear System.
