

Offer of Unsecured,
Unsubordinated, 6 year fixed
rate bonds

Investor Presentation

30 October 2023

This presentation has been prepared by Channel Infrastructure NZ Limited (**Channel Infrastructure** or **Channel**) in relation to the offer (**Offer**) of unsecured, unsubordinated, fixed rate bonds (**Bonds**). Alongside this presentation, Channel Infrastructure has lodged with NZX a terms sheet (**Terms Sheet**) and various other materials in respect of the Offer (together, the **Offer Materials**). The Offer Materials should be read in their entirety before any investment decision is made.

The Offer of Bonds by Channel Infrastructure is being made in reliance upon the exclusion in clause 19 of schedule 1 of the Financial Markets Conduct Act 2013 (**FMCA**). Except for the interest rate and maturity date, the Bonds will have identical rights, privileges, limitations and conditions as Channel Infrastructure's \$100,000,000 5.80% unsecured, unsubordinated, fixed rate bonds maturing on 20 May 2027 which are quoted on the NZX Debt Market under the ticker code CHI020 (**Existing Bonds**). Accordingly, the Bonds are of the same class as the Existing Bonds for the purposes of the FMCA and the Financial Markets Conduct Regulations 2014. Channel Infrastructure is subject to a disclosure obligation that requires it to notify certain material information to NZX Limited (**NZX**) for the purpose of that information being made available to participants in the market and that information can be found by visiting www.nzx.com/companies/CHI/announcements. The Existing Bonds are the only debt securities of Channel Infrastructure that are currently quoted and in the same class as the Bonds. Investors should look to the market price of the Existing Bonds to find out how the market assesses the returns and risk premium for those bonds. The Bonds are expected to be quoted on the NZX Debt Market on 15 November 2023 under ticker code CHI030.

The Offer Materials contain details of the Offer and other material information in relation to the Offer. Channel Infrastructure is subject to disclosure obligations that require it to notify certain material information to NZX. This presentation should be read in conjunction with the other Offer Materials and Channel Infrastructure's other periodic and continuous disclosure announcements released to NZX (which are available at www.nzx.com under the ticker code "CHI").

There is no public pool for the Bonds. All Bonds under the Offer will be reserved for subscription by clients of the Joint Lead Managers, Primary Market Participants and other approved financial intermediaries.

Capitalised terms used in this presentation and not otherwise defined have the meaning given to them in the Terms Sheet. The information and opinions contained in this presentation are provided as at the date of this presentation and are subject to change without notice. Channel Infrastructure reserves the right to withdraw, or vary the timetable for, the Offer without notice.

Information

The information in this presentation is provided for general information purposes only and does not purport to be complete or comprehensive and does not constitute financial product, investment, tax or other advice, nor does it constitute a recommendation from Channel Infrastructure, the Supervisor, Forsyth Barr Limited (the **Arranger**), ANZ Bank New Zealand Limited, Craigs Investment Partners Limited, Jarden Securities Limited (together with the Arranger, the **Joint Lead Managers**) or any of their respective shareholders, directors, officers, employees, affiliates, agents or advisors to subscribe for or purchase the Bonds. The information in this presentation is summary in nature and is necessarily brief.

No representation or warranty, express or implied, is made as to the accuracy, reliability, completeness, correctness or currency of the information, statements, estimates, projections, targets, opinions or forecasts, or as to the reasonableness of any assumptions, any of which may change without notice to you, contained in this presentation. This presentation does not take into account your investment objectives, financial situation or particular needs and you should consult with your financial and other advisors before any investment decision is made.

Forward-looking statements

This presentation may contain certain 'forward-looking statements' such as indications of, and guidance on, future earnings and financial position and performance. Such forward-looking statements are not guarantees or predictions of future performance and involve known and unknown risks, significant uncertainties, assumptions, contingencies, and other factors, many of which are beyond the control of Channel Infrastructure and may involve significant elements of subjective judgement and assumptions as to future events which may or may not be correct. Such forward-looking statements speak only as of the date of this presentation. Channel Infrastructure undertakes no obligation to update these forward-looking statements for events or circumstances that occur subsequent to such dates or to update or keep current any of the information contained in this presentation. Any estimates, projections or opinions as to events that may occur in the future (including projections of revenue, expense, net income and performance) are based upon the best judgement of Channel Infrastructure from the information available as of the date of this presentation. Actual results may vary from the projections and such variations may be material. You are cautioned not to place undue reliance on forward-looking statements.

Forward-looking figures in this presentation are unaudited and may include non-GAAP (generally accepted accounting practice) financial measures and information. Not all of the financial information (including any non-GAAP information) will have been prepared in accordance with, nor is it intended to comply with: (i) the financial or other reporting requirements of any regulatory body; or (ii) the accounting principles generally accepted in New Zealand or any other jurisdiction with International Financial Reporting Standards. Some figures may be rounded and so actual calculation of the figures may differ from the figures in this presentation. Non-GAAP financial information does not have a standardised meaning prescribed by GAAP and therefore may not be comparable to similar financial information presented by other entities. Non-GAAP financial information in this presentation is not audited or reviewed.

Investment risk

Investments in the Bonds are an investment in Channel Infrastructure and may be affected by its ongoing performance, financial position and solvency, together with the risks identified in its Product Disclosure Statement dated 28 April 2022 (available on NZX's website: <https://www.nzx.com/companies/CHI/announcements>).

Past performance

Past performance information provided in this presentation is given for illustrative purposes only and should not be relied on as (and is not) a promise, representation, warranty or guarantee as to the past, present or future performance of Channel Infrastructure. No guarantee of future returns is implied or given.

Not an offer

This presentation is not, and should not be construed as, an offer to sell or, a solicitation of an offer to buy, the Bonds and may not be relied on in connection with any purchase of Channel Infrastructure's securities. It shall not form the basis of or be relied on by you to make an investment decision, nor shall this presentation or any information communicated in it form the basis of any contract or commitment to purchase or transfer any securities. The distribution of this presentation, and the offer or sale of Bonds, may be restricted by law in certain jurisdictions. Persons who receive this presentation outside New Zealand must inform themselves about and observe all such restrictions. Nothing in this presentation is to be construed as authorising its distribution, or the offer or sale of Bonds, in any jurisdiction other than New Zealand or in accordance with applicable laws.

Bonds may not be offered or sold, directly or indirectly, and neither this presentation nor any other offering material may be distributed, delivered or published, in any jurisdiction except under circumstances that will result in compliance with any applicable laws or regulations.

Not financial product advice

This presentation is not, and does not constitute, legal financial, tax, accounting, financial product or investment advice or a recommendation to acquire Channel Infrastructure's securities (including the Bonds) and has been prepared without taking into account the objectives, financial situation or needs of individuals.

Disclaimer

To the maximum extent permitted by law each of Channel Infrastructure, the Supervisor, the Arranger, the Joint Lead Managers and their related companies and affiliates including, in each case, their respective shareholders, directors, officers, employees, affiliates, agents and advisers, as the case may be (**Specified Persons**) disclaims and excludes all liabilities for any direct or indirect loss, damage or other consequence (whether foreseeable or not) suffered by any person from the use of or reliance on the content of this presentation, from refraining from acting because of anything contained in or omitted from this presentation or otherwise arising in connection with it (including for negligence, default, misrepresentation or by omission and whether arising under statute, in contract or equity or from any other cause). To the maximum extent permitted by law, no Specified Person makes any representation, recommendation or warranty, either express or implied, regarding the accuracy, fairness, reliability, adequacy, reasonableness, currency or completeness of, the information contained in this presentation or in any further information, notice or other document which may at any time be supplied in connection with the Bonds. You agree that you will not bring any proceedings against or hold or purport to hold any Specified Person liable in any respect for this presentation or the information in this presentation and waive any rights you may otherwise have in this respect.

The Joint Lead Managers and their respective directors, officers, employees and agents have not authorised or caused the issue of, or made any statement in, any part of this presentation. This presentation does not constitute financial advice or a recommendation from any Joint Lead Manager or any of their respective directors, officers, employees, agents or advisers to purchase, any Bonds.

You must make your own independent investigation and assessment of the financial condition and affairs of Channel Infrastructure before deciding whether or not to invest in the Bonds.

Subject to any obligations that may arise under the Financial Markets Conduct Act 2013, none of Channel Infrastructure, the Arranger nor the Joint Lead Managers accept any responsibility or obligation to inform you of any matter arising or coming to their notice, after the date of this presentation, which may affect any matter referred to in this presentation.

NZX

Channel Infrastructure will take any necessary steps to ensure the Bonds are, immediately after issue, quoted on the NZX Debt Market. Application has been made to NZX for permission to quote the Bonds on the NZX Debt Market and all the requirements of NZX relating to this that can be complied with on or before the date of this presentation have been complied with. However, the Bonds have not yet been approved for trading and NZX accepts no responsibility for any statement in this presentation. NZX is a licensed market operator and the NZX Debt Market is a licensed market, each regulated under the Financial Markets Conduct Act 2013.

Acceptance

By attending or reading this presentation, you agree to be bound by the foregoing limitations and restrictions and, in particular, will be deemed to have represented, warranted, undertaken and agreed that: (i) you have read and agree to comply with the contents of this Important Notice and Disclaimer; (ii) you are permitted under applicable laws and regulations to receive the information contained in this presentation; (iii) you will base any investment decision solely on information released by Channel Infrastructure via NZX; and (iv) you agree that this presentation may not be reproduced in any form or further distributed to any other person, passed on, directly or indirectly, to any other person or published, in whole or in part, for any purpose.

Issuer	Channel Infrastructure NZ Limited (Channel Infrastructure).
Description	Unsecured, unsubordinated, fixed rate bonds (Bonds).
Offer amount	Up to \$75m (with the ability to accept oversubscriptions of up to an additional \$25m at Channel Infrastructure's discretion).
Purpose of the Offer	<p>The net cash proceeds raised under the Offer (excluding the value of any Subordinated Notes purchased under the Exchange Mechanism) are intended to be applied towards:</p> <ul style="list-style-type: none">a) repaying a portion of Channel Infrastructure's existing bank debt;b) redeeming on 1 March 2024 any Subordinated Notes^[1] that are not otherwise purchased on the Issue Date under the Exchange Mechanism^[2]; andc) general corporate purposes. <p>The Bonds will also provide diversification of funding that aligns with an infrastructure business.</p>
Term	6 years maturing on 14 November 2029.
Interest Rate	The Bonds will pay a fixed rate of interest until the maturity date (14 November 2029).
Quotation	NZX ticker code CHI030 has been reserved for the Bonds.
No credit rating	The Bonds will not be rated. Channel Infrastructure is not rated.
Joint Lead Managers	ANZ Bank New Zealand Limited, Craigs Investment Partners Limited, Forsyth Barr Limited and Jarden Securities Limited.

[1] Existing subordinated notes issued by Channel Infrastructure on 14 December 2018, which are quoted on the NZX Debt Market under the ticker CHI010

Business Summary

Wiri Oil Terminal*

*Operated by Wiri Oil Services (a bp, Mobil and Z joint venture)

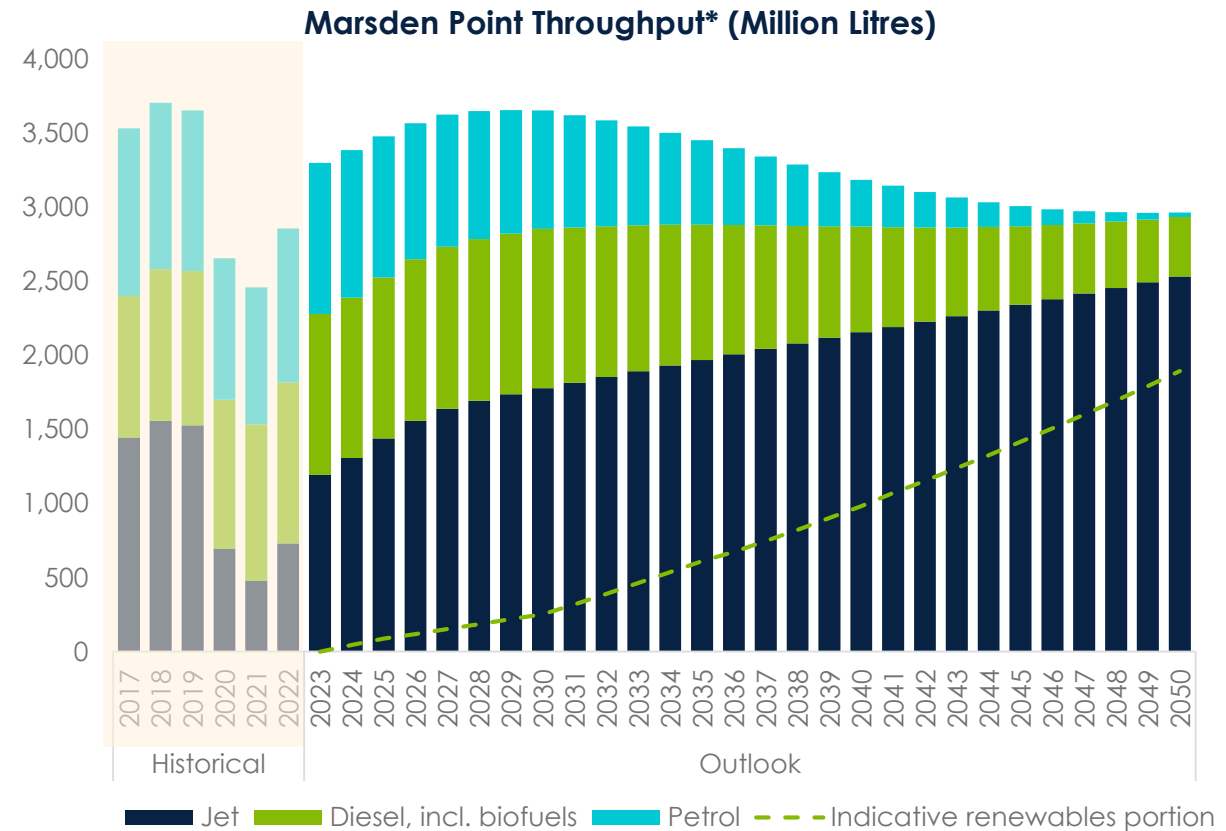

<p>Transformed from Refining NZ to Channel Infrastructure on 1 April 2022. Fundamental reset in what we do, financial profile and risk profile</p>	<p>Own critical infrastructure on a 180ha site including jetties on the deep-water harbour, storage tanks, and the 170-kilometre pipeline from Marsden Point-to-Auckland</p>	<p>Receive, store, test and distribute transport fuels owned by our customers to the Northland and Auckland markets (~40% of NZ liquid fuel demand)</p>
<p>Key supply route for jet fuel to Auckland International Airport (80% of NZ jet fuel demand)</p>	<p>Long-term revenue contracts with NZ's largest fuel companies (bp, Mobil and Z Energy (Ampol))</p>	<p>c.3 billion litres of fuel throughput annually, more than the 10 terminals in the next three largest ports in NZ, combined</p>
<p>Asset renewal and investments in key capabilities to support world-class delivery and infrastructure resilience for a longer-term future</p>	<p>Listed on the NZX under ticker code 'CHI' with market capitalisation of c.\$549m^[1]</p>	<p>On target to have largely eliminated Scope 1 & 2 emissions from 2024^[2]</p>

[1] As at close of trading on NZX on 26 October 2023

[2] Assuming all electricity supplied from 2024 under the new long-term electricity supply agreement is sourced from renewable generation

Highly efficient infrastructure supplying the Auckland and Northland markets

- New Zealand's largest transport fuels storage terminal
 - c.180 ML of shared capacity under the Terminal Services Agreements
 - c.100 ML of contracted, dedicated private storage
 - Potential of further storage as Strategic Diesel Reserves^[1] and to meet Minimum Stockholding Obligations^[2]
 - Supplies the Auckland and Northland markets, which make up c.40% of New Zealand's liquid fuel demand
- Supply of petrol and diesel to Auckland via the Marsden Point-to-Auckland Pipeline has around one tenth of the emissions of the equivalent delivery of fuel via road
- Supplies all the jet fuel distributed to Auckland International Airport
 - Jet fuel volumes continue to increase, due to post COVID recovery and continued demand for international travel
 - Tourism expected to underpin long-term asset utilisation with medium-term resilience in diesel demand in 'hard to shift' sectors of agriculture and heavy transport

* All details and assumptions of this outlook supplied by Envisory (formerly Hale and Twomey) and can be found in Channel's Sustainability Report 2022, pages 34-36. The outlook data represents Envisory's base case forecast.

[1] Energy (Fuels, Levies, and References) Amendment Bill to support this passed in May 2023, with the Government looking to procure at least 70 million litres of diesel for storage in New Zealand
 [2] Fuel Industry (Improving Fuel Resilience) Amendment Bill passed in August 2023 obliging fuel importers to hold minimum stock levels. Channel well-placed to support customers with MSO requirements through additional storage as required

- ✓ Safely shutdown the refinery and commenced import terminal operations to plan
- ✓ Transitioned business model to stable and predictable earnings through long-term customer agreements, with a Take-or-pay underwrite and PPI escalation, and strong free cash flow conversion
- ✓ Permanently decommissioned the refinery process plant safely to plan and to budget
- ✓ Signed a long-term renewable electricity supply agreement with Energy Attribute Certificates attached - Scope 1 & 2 emissions are on track to be largely eliminated from 2024^[1] – six years ahead of target
- ✓ Contracted and commissioned an additional c.100 ML of private storage, doubling jet fuel storage at Marsden Point, and delivering \$90 million of incremental revenue (prior to PPI escalation, over ten years)
- ✓ Reset cost of funding with inaugural senior retail bond issue^[2] and bank refinancing

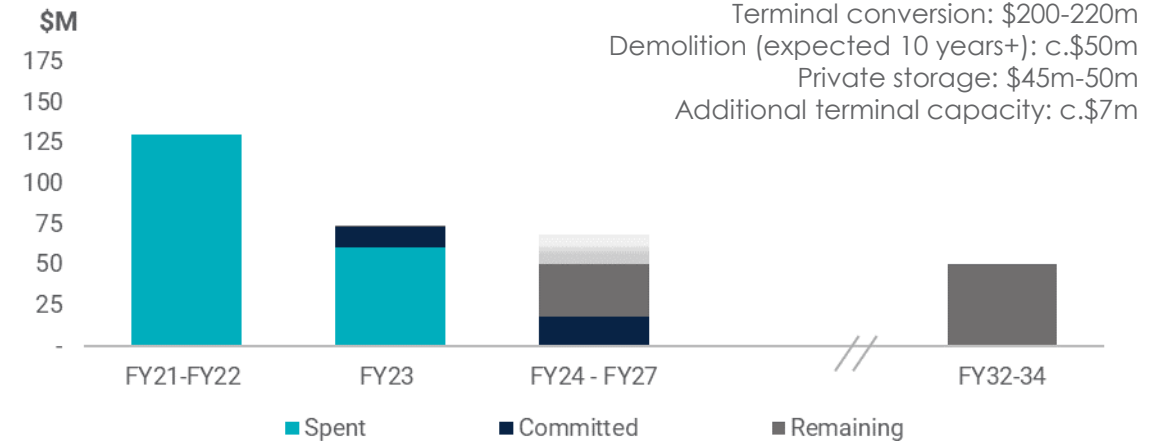

[1] Assuming all electricity supplied from 2024 under the new long-term electricity supply agreement is sourced from renewable generation, as validated by Energy Attribute Certificates

[2] Quoted on the NZX Debt Market under the ticker code CHI020 on 20 May 2022

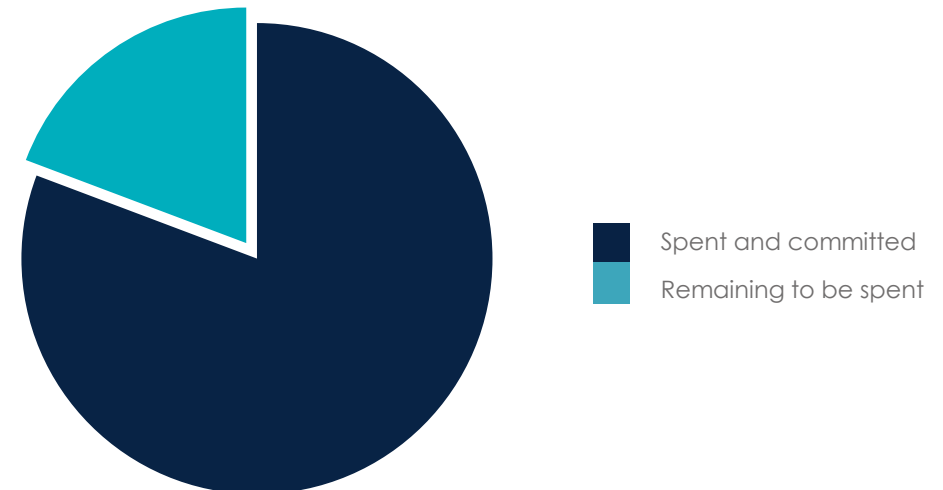

- Conversion costs remain within budget:
 - c.\$189 million spent to 30 September 2023, including c.\$36 million of private storage costs
 - c.82% of the budget^[1] is spent or contracted/committed
- The projects are now significantly de-risked:
 - Permanent decommissioning of the refinery plant complete
 - Workforce transition substantially complete
 - Terminal upgrade and private storage tank conversion mostly complete with only firefighting systems and bund upgrades left
- Jet fuel storage has more than doubled:
 - c.45 million litres of jet private storage successfully commissioned in Q3 2023, (part of the 100 million litres of private storage currently contracted)

Terminal and private storage conversion cost phasing

Allocation of Conversion Budget (\$200-220m)

[1] Budget includes: Conversion project budget (opex and capex) of \$200-220 million, private storage \$45-50 million and additional terminal capacity of c.\$7 million

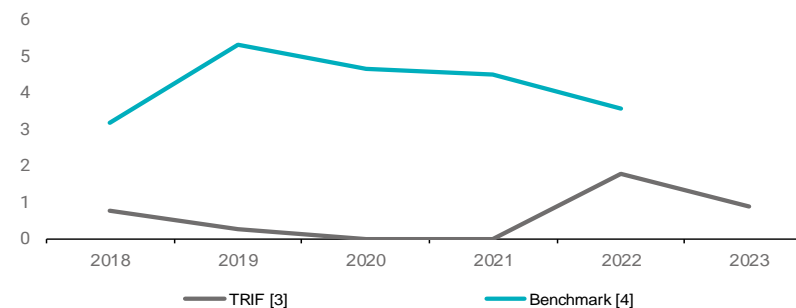

Strong focus on safety systems, culture, environment and workforce, born from operating one of NZ's most complex and hazardous industrial facilities, provides a strong foundation for establishing a world-class energy infrastructure company

- Maintained safe operations and reduced TRIF^[3] through complex conversion construction program. Focus remains on getting everyone safely home every day
- Substantial investment in import terminal safety systems including fire-fighting and bunding upgrades to tank facilities
- Environmental risk reduced as a result of conversion. Continued focus on site remediation
- Work hard to manage workforce and industrial relations risks to the delivery of business operations and pursuit of growth opportunities through building strong and collaborative relationships with all our staff and union representatives

Process Safety Incidents

Total Recordable Incidents

[1] Tier 1 Process Safety Event (API 754) – A tier 1 Process Safety Event (PSE) is an unplanned or uncontrolled release of any material, including non-toxic and non-flammable, from a process which results in one or more of the following: A lost time injury (LTI) and/or fatality; A fire or explosion resulting in greater than or equal to \$100,000 of direct cost to the company; A release of material greater than the threshold quantities given in Table 1 of API 754 in any one-hour period; An officially declared community evacuation or community shelter-in-place

[2] Tier 2 Process Safety Event (API 754) – A tier 2 PSE is an unplanned or uncontrolled release of any material, including non-toxic and non-flammable, from a process which results in one or more of the following: a recordable injury; a fire or explosion resulting in greater than or equal to \$2,500 of direct cost to the company; a release of material greater than the threshold quantities given in Table 2 of API 754 in any one-hour period

[3] TRIF – Total Recordable Injury Frequency per 200,000 hours (rolling 12-monthly average)

[4] NZ Business Leaders Health & Safety Forum Benchmark (injuries per 200,000 hours)

Our refreshed strategy: helping fuel NZ's future to 2050 and beyond

OUR VISION

World-class energy infrastructure company

OUR PURPOSE

Delivering resilient infrastructure solutions to meet changing fuel and energy needs

NZ's Infrastructure Partner of Choice		Grow Through Supporting the Energy Transition		More Sustainable Future	

[1] Neither Channel Infrastructure nor the Bonds have a credit rating (either public or private)

The enablers for Channel's strategy

What Channel will be called on to deliver

1. Strong and stable cash flows

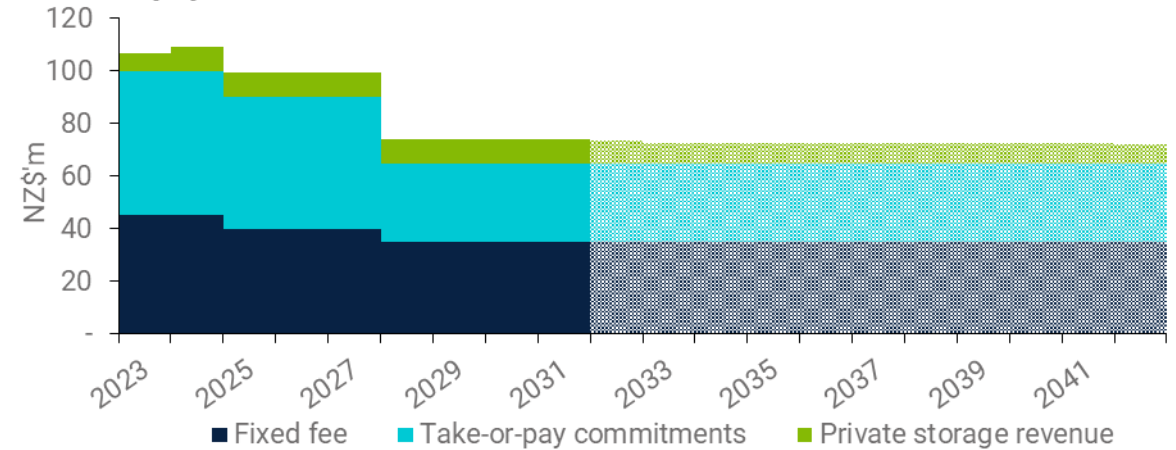

Long-term customer contracts

- Initial term of 10-years, with two 5-year rights of renewal
- Fixed and minimum fee components
- Third-party access to unutilised Marsden Point-to-Auckland Pipeline capacity after 1 April 2025
- Key customers are strong counterparties^[3]

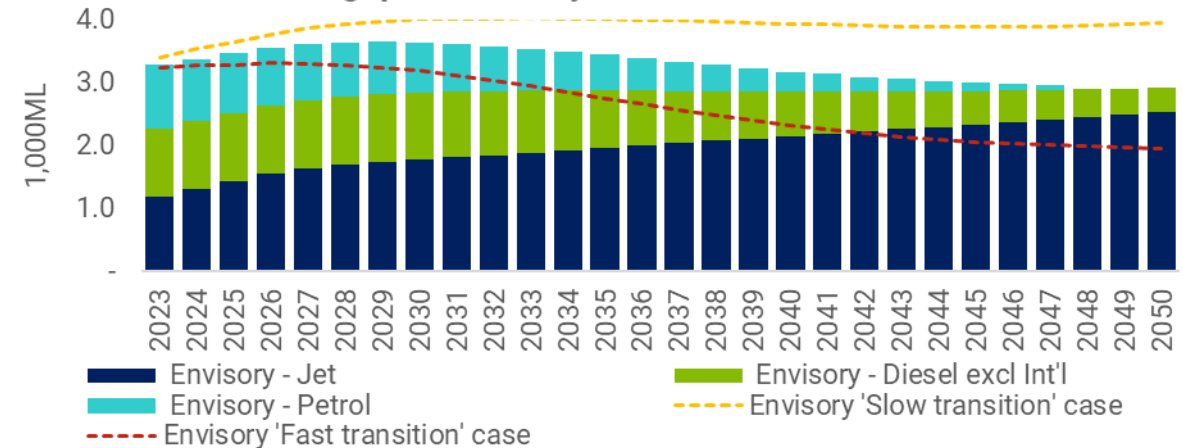

Revenue outlook

- All import terminal fees subject to indexation which provides protection through inflationary cycles
- Take-or-pay underwrites minimum revenue – but future revenue will be based on throughput
- Take-or-pay was set at a higher level for first three years, to enable the conversion to be debt-funded and allowing a recovery in demand post COVID
- In 1H23, revenue was marginally higher than the pro-rata Take-or-pay
- Volumes expected to continue to increase over the next few years, in line with Envisory's fuel outlook – this would mean total revenue would exceed the Take-or-pay underwrite

Take-or-pay commitments^[1,2]

Marsden Point Throughput - Envisory Base-Case 2023

[1] All revenue is stated in 2021 real-terms

[2] The change of shading represents periods after the first Terminal Services Agreement (TSA) renewal date

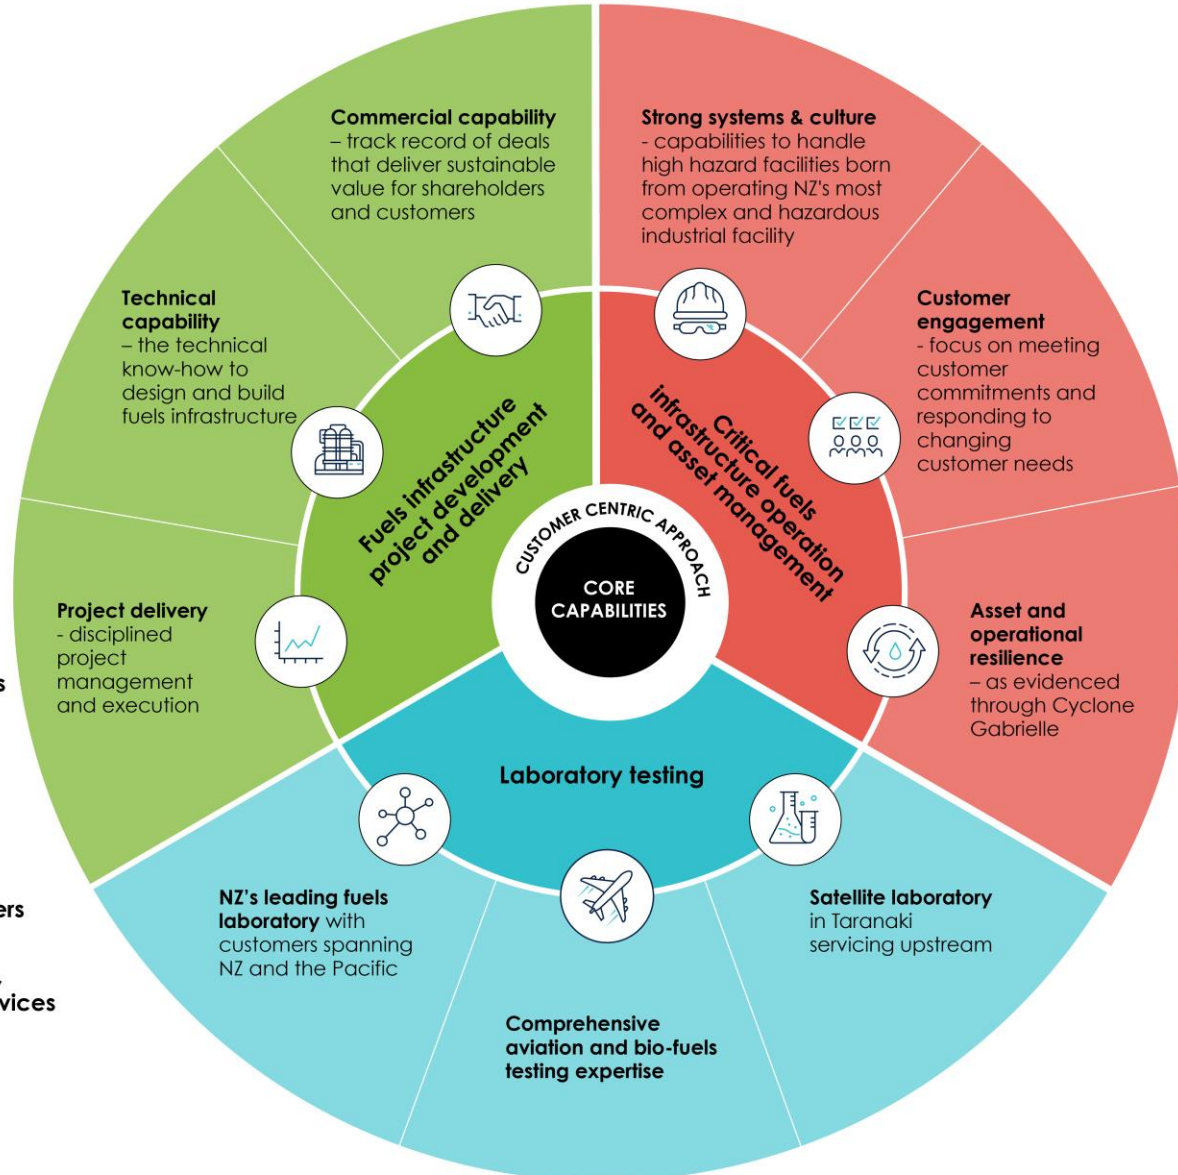

[3] Customer credit ratings: Exxon Mobil AA- (S&P Global Ratings); BP plc A- (S&P Global Ratings); Ampol Baa1 (Moody's)

2. Strong capabilities

- ✓ **Deals we've done:**
 - Terminal Services Agreements
 - Private Storage Contracts
- ✓ **World-class conversion**
 - Import Terminal
 - Tanks
- ✓ **Conversion delivered in line with budget schedule in post COVID/high inflation environment**

- ✓ **Comprehensive aviation fuel analysis**
- ✓ **10 years of bio-fuels testing**
- ✓ **ISO accredited facilities at Marsden Point and New Plymouth**
- ✓ **Database of over 150 active customers**
- ✓ **Provision of laboratory management, training, audits and collaboration services to customers**
- ✓ **95 accredited test methods**

- ✓ **Process and personal safety performance through transition**
- ✓ **Safety case**
- ✓ **Emergency Response Plan**
- ✓ **Scale of assets under management**
- ✓ **No supply disruption through transition and cyclone**
- ✓ **Strong pipeline uptime**

3. Uniquely strategic assets

Industrial natural gas, water, and electricity grid connections

Close proximity to Northport

Deep water harbour and jetties capable of receiving refined product ships amongst the largest in the world

180ha of land of which only 1/3 is currently in use. Book value of unutilised land c.\$15million

35-year resource consent renewed in 2021

c.3 billion litres of fuel throughput annually, more than our customers' 10 terminals in the next 3 largest ports in NZ, combined

Capacity to expand

170km pipeline - the key supply route for jet fuel to Auckland International Airport

Only pipeline capable of transporting liquid fuels to Auckland (at around one-tenth of emissions compared to road transport)

Available for repurposing

Import Terminal System and Contracted Storage

Owned and operated by Wiri Oil Services Ltd

Independent Petroleum Laboratory

4. Key supply route for jet fuel to Auckland International Airport

Pipeline supply is the safest, lowest-cost and lowest-emission distribution option to get fuel to Auckland International Airport

-  Safe, reliable, unobtrusive supply of jet fuel to Auckland
-  Pipeline does not contribute to road congestion, road transport emissions, road wear
-  Expect to be near Scope 1 & 2 emissions free from January 2024 [2]
-  Adequate capacity to meet all of Auckland's projected future fuel needs [3]

[1] Assuming 40,000 litres/truck

[2] Assuming all electricity supplied from 2024 under the new long-term electricity supply agreement is sourced from renewable generation

[3] Based on Envisory mid case projection to 2050

What Channel will be called on to deliver for New Zealand:

5. Support a stable medium term diesel demand outlook and a resilient transition of petrol

Stable diesel demand expected in the medium term with longer-term “harder to shift” agricultural and heavy transport sectors. Both petrol and diesel reliant on low-cost infrastructure that may need to accommodate renewables / biofuels

6. Meet expected growing jet demand

Increasing middle-class in Asia/India that can afford to travel

7. Resilient infrastructure to support New Zealand’s reliance on long-haul air travel to reach our offshore export markets

NZ is geographically isolated and is reliant on air travel to connect people and markets

8. Infrastructure to support a lower carbon liquid fuel solution for medium- to long- haul flights

Our existing infrastructure can accommodate these solutions, which will reduce transition costs

Strategic Diesel Reserves

- NZ Government tendering up to 70 million litres of diesel storage capacity
 - Energy (Fuels, Levies, and References) Amendment Bill passed May 2023
 - Tender documents released September 2023
 - Product quality requirements necessitate regular stock turn-over
- Channel is preparing tender response

Minimum Stockholding Obligations (MSO)

- Fuel Industry (Improving Fuel Resilience) Amendment Bill passed in August 2023, obliges fuel importers to hold minimum stock levels
- Channel is well placed to support customers with additional storage

Further Customer Opportunities

- Incremental import terminal upgrade opportunities, investing to lower customers' supply chain costs or improve their supply chain
- Additional liquid storage opportunities onsite (c.400 million litres of unutilised capacity available^[2])
 - New storage contract signed for c.\$9 million^[1] of additional revenue across 10-years from 2024, with minimal incremental growth capex
 - Currently in discussions with customers on a potential (as yet uncontracted) import terminal upgrade project with c.\$10 million of capex and appropriate commercial returns
- Marsden Point-to-Auckland Pipeline open-access from April 2025

[1] 2023 real terms

[2] Capex investment would be required to commission this capacity

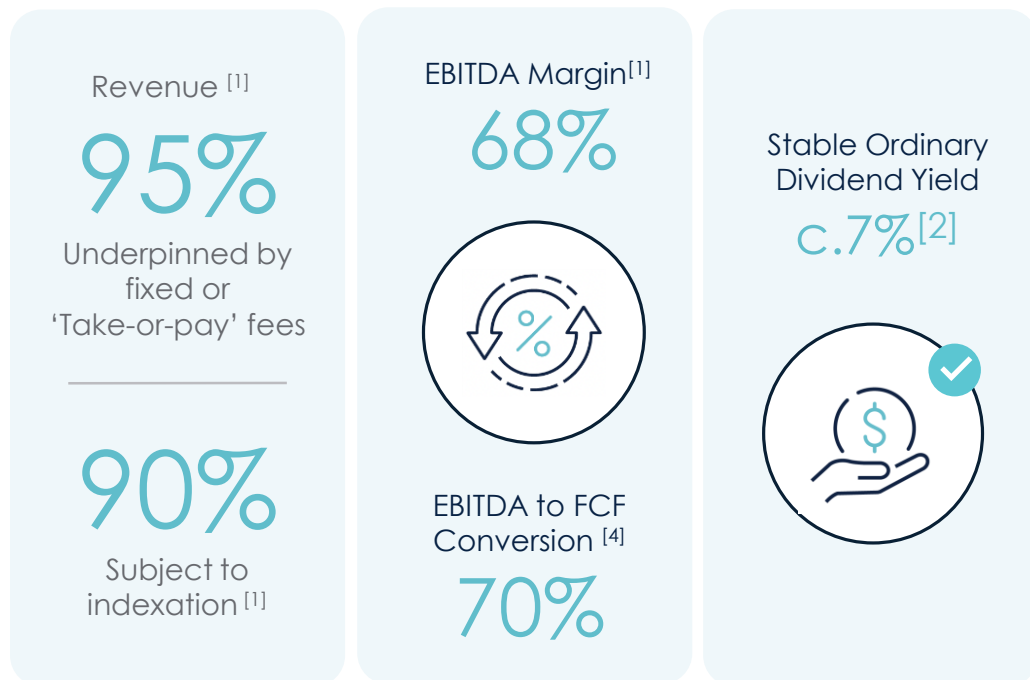

Financial Update

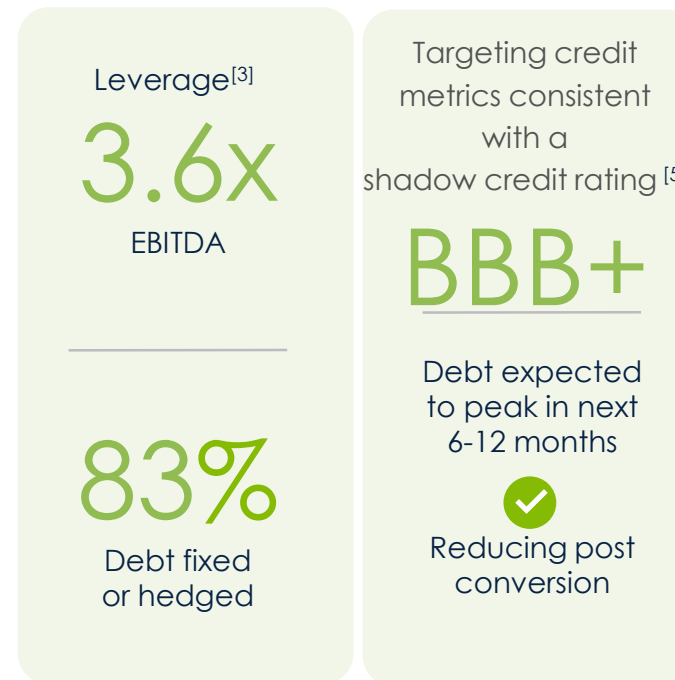

Stable and predictable earnings

Strong cash flow and balance sheet

Disciplined capital management

All metrics are as at 30 September 2023, unless otherwise stated

[1] For the six-months ended and as at 30 June 2023

[2] Based on a share price of \$1.45 per share (as at 26 October 2023) and the mid-point of the latest FY23 guidance of 9.5-11.5 cents per share

[3] Leverage calculated as Net Debt / annualised rolling EBITDA from continuing operations as at 30 June 2023

[4] Based on mid-point of FY23 Guidance as set out on slide 26 of this pack

[5] Neither Channel Infrastructure nor the Bonds have a credit rating (either public or private)

Profit & Loss from continuing operations

\$'m (six months ended)	30 Jun 2023	31 Dec 2022	30 Jun 2022
Revenue	64.4	58.4	29.8
Operating costs	(20.9)	(20.7)	(10.1)
EBITDA	43.5	37.7	19.7
Non-operating costs			
Depreciation	(16.2)	(16.3)	(8.3)
Financing costs	(7.2)	(6.1)	(3.6)
Non-operating costs	(23.4)	(22.4)	(11.9)
Net profit before tax	20.1	15.3	7.8
Income tax	(5.6)	(4.4)	(2.1)
Net profit after tax	14.5	10.9	5.6
EBITDA margin	68%	65%	66%

- Terminal operations commenced on 1 April 2022
- For comparative purposes, we report the results for the last 6 months of 2022, as well as the 3-month pcip
- Increased revenue^[1] primarily driven by PPI escalation (c.\$3 million), and additional private and other terminal storage (c.\$3 million)
- Fixed and variable terminal fees marginally exceed the pro rata Take-or-pay, reflecting strong volumes and higher ancillary charges
- A 3% increase on 2H22 EBITDA margin to 68%, due to the increased revenue and effective cost management
- Continuing operations delivered an NPAT of \$14.5 million in 1H23, up 32% from the last full 6 months of terminal operations (2H22)

[1] Comparison for six months – 1H23 compared to 2H22

Strong balance sheet supports future growth opportunities

Assets

- Import terminal assets at fair value based on independent valuation in Dec 2021
- Further asset optimisation opportunities – surplus land and potential sale of refining units
- Benefit of available tax losses of \$521 million as at 30 June 2023

Liabilities

- Provisions recognised for the cost of decommissioning, and future demolition
- Bank debt fully refinanced to align with infrastructure profile

Net assets

- Net assets equal to \$1.33 per share as at 30 June 2023

(\$m)	HY23	FY22
Cash	2	2
Receivables and inventory	28	29
Current assets	30	31
Property, plant and equipment	890	876
Intangibles & other non-currents	37	40
Total assets	957	947
Trade and other payables	19	20
Employee benefits	2	1
Provisions	14	35
Borrowings	75	-
Current liabilities	110	56
Borrowings	222	260
Employee benefits & other	5	6
Provisions	76	70
Deferred tax liabilities	40	36
Total liabilities	453	428
Net assets	504	518

- Strong cash flows from operations, funded 93% of the conversion spend and capex in 1H23
- Net debt increased to \$295 million as at 1H23 (\$315 million as at 30 September 2023) as expected with the conversion spend and FY22 dividend
- Leverage at 3.6x^[1] within the targeted range of 3-4x
- Gearing at 37%^[2] (vs covenants of 55% (bank debt) and 60% (bonds))
- Interest cover at 5.1x (vs covenant of 2.5x)^[3]

Net debt movement

[1] Leverage calculated as Net Debt / annualised rolling EBITDA from continuing operations as at 30 June 2023

[2] Gearing calculated as Net Debt to Net Debt plus Equity as at 30 June 2023

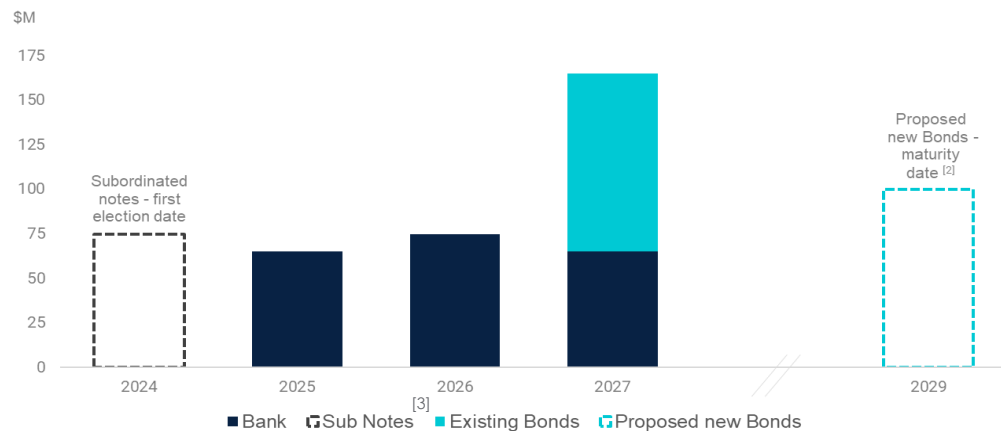

[3] Interest cover calculated as 12 month rolling EBITDA to net interest expense as at 30 June 2023

[4] Includes operating and capital conversion costs (but excludes private storage capex which is included in growth capex)

New retail senior bond to replace Subordinated Notes^[5]

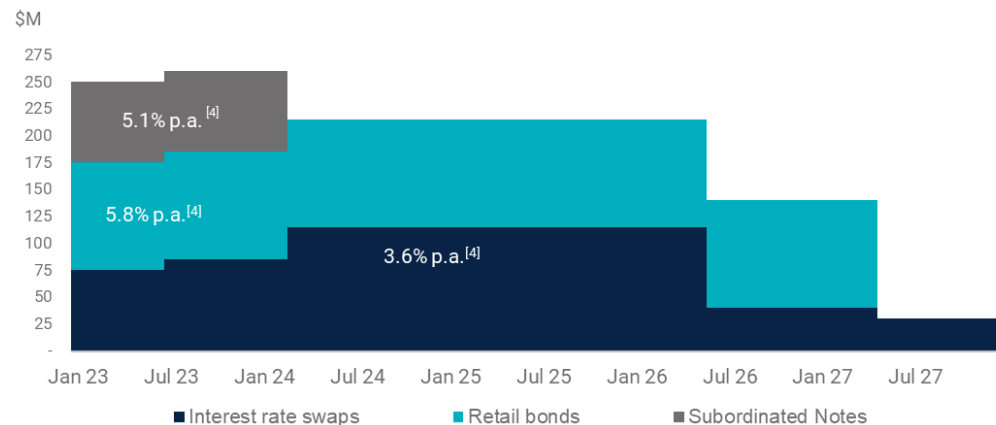

Debt profile^[1]

- Debt facilities of \$380 million with significant liquidity headroom available (c.\$62 million as at 30 September 2023)
- Expected debt will peak at around \$15 to \$35 million above the 30 September 2023 level in the next 6 - 12 months (assuming no further growth projects)
- c.83% of 30 September 2023 net debt fixed, with significant hedge protection in the following years
- New retail senior bond to replace the Subordinated Notes^[5]

Interest rate profile as at 30 September 2023

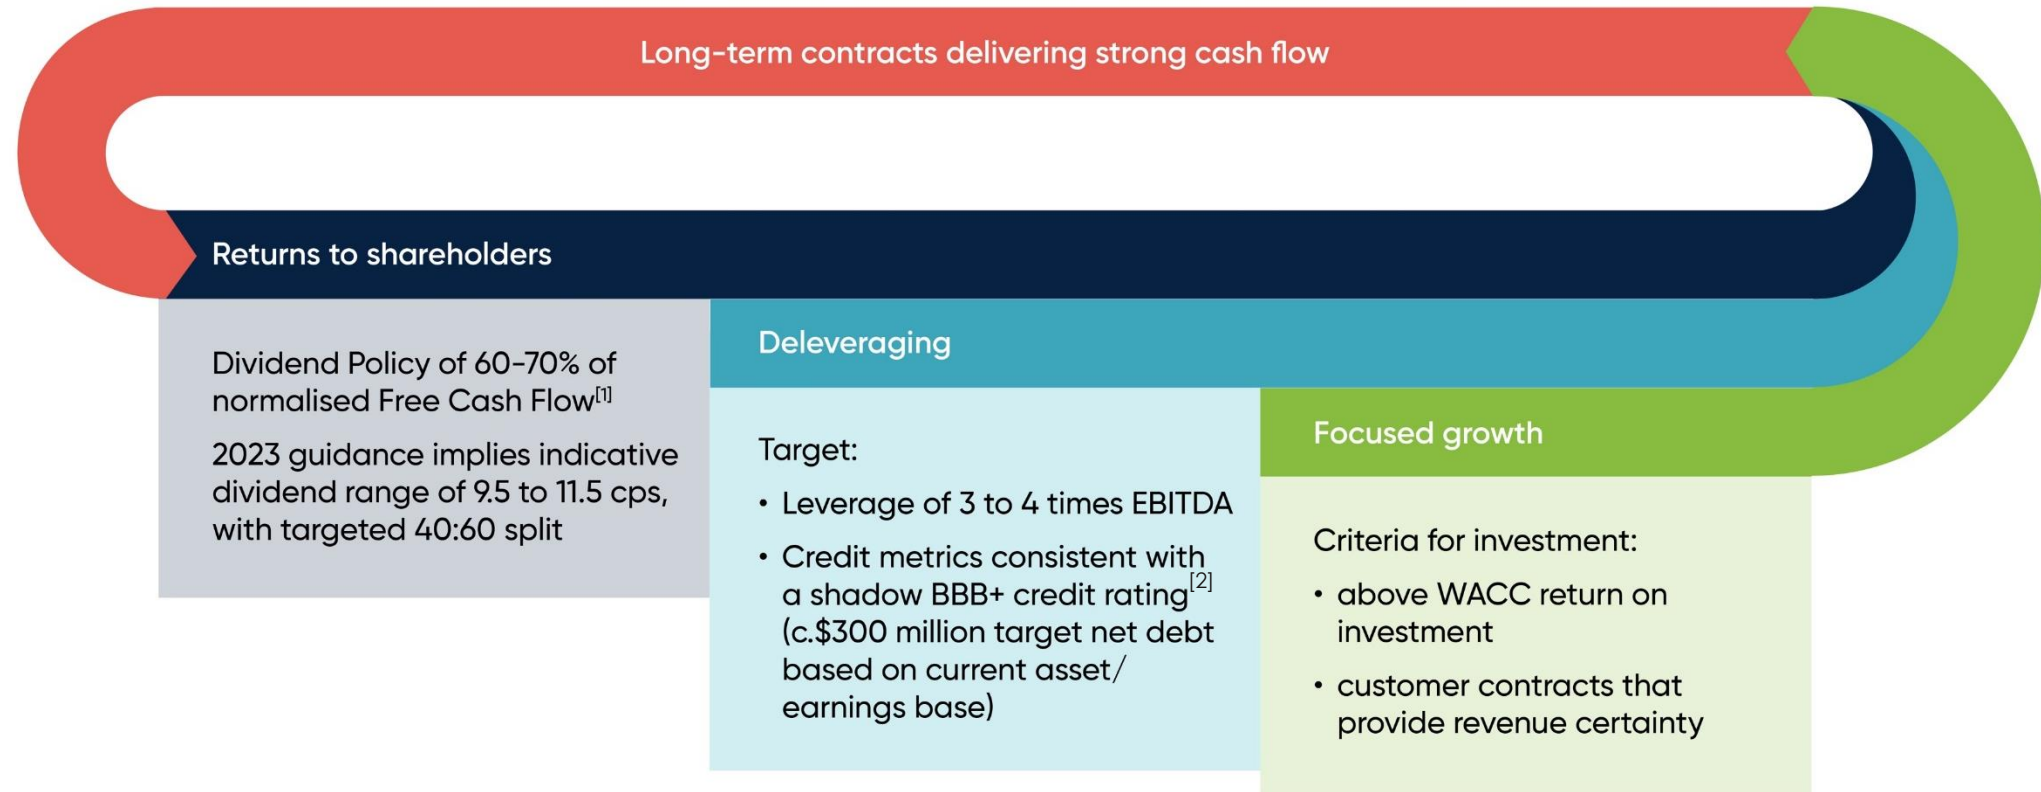

[1] Indicative debt profile assuming completion of the new retail senior bond issuance at \$100m issue size

[2] Shown at \$100m issue size

[3] The existing subordinated notes issued by Channel Infrastructure on 14 December 2018, which are quoted on the NZX Debt Market under the ticker code CHI010 (**Subordinated Notes**)

[4] Nominal interest rate, excluding the amortisation of up-front bank fees and bond issuance costs. Bank nominal interest rate represents a combination of bank margin, line fees, and swap rates (note: drawn facilities in excess of the hedged amount are subject to floating interest rates, i.e. Bank Bill Rate plus the applicable line fee and margin)

[5] The first election date to redeem the Subordinated Notes is 1 March 2024

[1] Normalised Free Cash Flow is calculated as net cash flow from operations less maintenance capex (excluding conversion costs and growth capex). The dividend policy is subject to the Board's due consideration of the Company's medium term asset investment programme; a sustainable financial structure for Channel Infrastructure, recognising the targeted investment grade rating credit metrics; and the risks from short and medium term economic and market conditions and estimated financial performance

[2] Neither Channel Infrastructure nor the Bonds have a credit rating (either public or private)

Indicative FY23 financial metrics^[1]

	(\$m)
Terminal and other revenue	128-130
Operating costs	42-44
EBITDA	84-88
Depreciation	34-35
Financing costs	c.16
Income tax payable	Nil
Stay-in-business capex	c.9-11
Indicative Normalised Free Cash Flow	59-62
Indicative dividend range ^[2]	9.5 -11.5cps

FY24 guidance^[3] to be released with FY23 results. Key drivers include:

- The PPI escalator applying to 2024 import terminal services and private storage revenue published mid-November
- Private storage revenue at full run rate of c.\$9 million p.a. (2021 real)
- New storage contract announced on 19 October 2023 of c.\$9 million of additional revenue across 10 years from 2024 (with minimal incremental growth capex)
- Over \$2 million saving in FY24 electricity supply costs vs FY23 due to new supply contract from 1 January 2024
- Inflationary cost pressure across variable opex
- Continued focus on maintaining effective cost management culture and creating efficiencies across the business

[1] Guidance is for terminal operations (classified as continuing operations) and excludes discontinued operations (i.e. one-off conversion cost opex and capex of \$200-220 million), private storage capex (\$45-50 million) and additional terminal storage (\$7 million), with no change in guidance for these projects. Guidance also excludes any opex and capex associated with new growth opportunities

[2] The dividend policy is subject to the Board's due consideration of the Channel Infrastructure's medium term asset investment programme; a sustainable financial structure for Channel Infrastructure, recognising the targeted investment grade credit metrics; and the risks from short and medium term economic and market conditions and estimated financial performance

[3] From FY24, guidance will be provided on EBITDA and Normalised Free Cash Flow

Bond Offer

The following section provides a summary of certain key terms only. Full details of the terms of the Offer and the Bonds are contained in the Terms Sheet, which must be read carefully and in full.

Issuer	Channel Infrastructure NZ Limited.
Description	Unsecured, unsubordinated, fixed rate bonds.
Offer amount	Up to \$75m (with the ability to accept oversubscriptions of up to an additional \$25m at Channel Infrastructure's discretion).
Term	6 years maturing on 14 November 2029.
Ranking of the Bonds	<p>On a liquidation of Channel Infrastructure, each Bond will rank as unsecured and unsubordinated debt obligations of Channel Infrastructure, ranking:</p> <ul style="list-style-type: none"> • behind any secured liabilities and liabilities which are preferred by law; • equally with other Bonds and equally among the rights and claims of equal ranking obligations including the lenders of Channel Infrastructure's bank debt and all other unsecured, unsubordinated obligations, including trade creditors and the Existing Bonds; and • ahead of holders of subordinated debt (including the Subordinated Notes) and ahead of shareholders of Channel Infrastructure. <p>Amounts owing under the Guarantee constitute unsecured, unsubordinated debt obligations of each Guarantor and on a liquidation of a Guarantor, amounts owing to holders of Bonds under the Guarantee rank equally with all other unsecured unsubordinated obligations of that Guarantor.</p>
Guarantee	<p>The Bonds will be guaranteed by the Guarantors under the Negative Pledge Deed dated 28 April 2022 granted by Channel Infrastructure and Channel Terminal Services Limited in favour of, among others, the Supervisor.</p> <p>As at the date of this presentation, Channel Terminal Services Limited (a wholly-owned subsidiary of Channel Infrastructure) and Channel Infrastructure are the only Guarantors.</p>
Interest Rate	Set following the bookbuild process as the sum of the Swap Rate and the Issue Margin, subject to the minimum Interest Rate of 6.75% per annum.
Indicative Issue Margin range	The indicative Issue Margin range is 1.70% to 1.85% per annum. The Issue Margin (which may be within, above or below the indicative Issue Margin range) will be determined by Channel Infrastructure (in consultation with the Joint Lead Managers) following the bookbuild process and announced via NZX on or shortly after the Rate Set Date.

Purpose	<p>The net cash proceeds raised under the Offer (excluding the value of any Subordinated Notes purchased under the Exchange Mechanism) are intended to be applied towards:</p> <ul style="list-style-type: none"> a) repaying a portion of Channel Infrastructure's existing bank debt; b) redeeming on 1 March 2024 any Subordinated Notes^[1] that are not otherwise purchased on the Issue Date under the Exchange Mechanism^[2]; and c) general corporate purposes. <p>The Bonds will also provide diversification of funding that aligns with an infrastructure business.</p>
Financial covenants	<p>Interest Cover Ratio: EBITDA not less than 2.5x Net Interest Expense on two successive semi-annual test dates. Gearing Ratio: Net Debt to Net Debt plus Equity not to exceed 60%.</p>
Minimum application amount	<p>Minimum application of NZ\$5,000 with multiples of NZ\$1,000 thereafter.</p>
Brokerage	<p>0.25% on firm allocations plus 0.50% brokerage.</p>
Quotation	<p>Application has been made for the Bonds to be quoted on the NZX Debt Market under the ticker code CHI030.</p>
No credit rating	<p>The Bonds will not be rated. Channel Infrastructure is not rated.</p>
Redemption of Subordinated Notes^[1] on the first election date (1 March 2024) if the Offer is successful	<p>If the bookbuild for the Offer is successful, Channel Infrastructure intends to issue a redemption notice in respect of the Subordinated Notes on or before 16 January 2024 in order to redeem any Subordinated Notes on 1 March 2024 (being the first scheduled election date) that are not otherwise purchased on the Issue Date under the Exchange Mechanism described below. For each Subordinated Note redeemed on 1 March 2024, Channel Infrastructure will pay to the relevant holder of Subordinated Notes (Subordinated Noteholder) an amount equal to the principal amount of the Subordinated Note (\$1.00) plus the final semi-annual interest payment.</p>

[1] The existing subordinated notes issued by Channel Infrastructure on 14 December 2018, which are quoted on the NZX Debt Market under the ticker code CHI010 (Subordinated Notes)

[2] Refer to slide 30

If the bookbuild for the Offer is successful, Subordinated Noteholders that hold Subordinated Notes through a custodial account and who wish to apply for the Bonds (**Custodial Subordinated Noteholders**) may be able to exchange all or some of their Subordinated Notes for an equal number of Bonds on the Issue Date (on a one-for-one basis at a face value of \$1.00), on the terms set out in the Terms Sheet under the heading “Exchange Mechanism” (**Exchange Mechanism**).

This Exchange Mechanism will only be available to a Custodial Subordinated Noteholder if:

- a) the Custodial Subordinated Noteholder receives an allocation of Bonds from a participant in the bookbuild for the Offer; and
- b) Channel Infrastructure and the relevant participant (acting on the authorisation of the Custodial Subordinated Noteholder) have agreed to the exchange in respect of an agreed number of Subordinated Notes (**Exchanged Subordinated Notes**).

Exchange Mechanism

Channel Infrastructure will purchase the Exchanged Subordinated Notes on the Issue Date (14 November 2023) (rather than redeem them on 1 March 2024) as set out in the Terms Sheet.

The Issue Price for each Bond that is not otherwise settled under the Exchange Mechanism must be cash settled on the Issue Date.

Retail investors (including Subordinated Noteholders) who wish to participate in the Offer and invest in the Bonds (including under the Exchange Mechanism, to the extent available to that investor) should contact their financial adviser, one of the Joint Lead Managers or another Primary Market Participant – see the sections in the Terms Sheet titled “Who may apply for Bonds” and “How to apply” for further information.

Holder of Subordinated Notes who do not hold those Subordinated Notes through a custodial account, and who are interested in potentially participating in the Exchange Mechanism, should contact their usual financial advice provider as soon as possible to discuss whether their holding can be moved to a custodial account.

Opening Date	Monday, 30 October 2023.
Closing Date	Friday, 3 November 2023 at 11.00am NZT.
Rate Set Date	Friday, 3 November 2023.
Issue Date	Tuesday, 14 November 2023.
Expected date of initial quotation and trading	Wednesday, 15 November 2023.
Maturity Date	Wednesday, 14 November 2029.
Interest Payment Dates	Interest will be paid quarterly in arrear in equal amounts on 14 February, 14 May, 14 August and 14 November in each year, with the first payment on 14 February 2024.
Trading halt	A trading halt in respect of the Subordinated Notes will occur from pre-market trading on Monday, 6 November 2023 (being the first trading day following the Rate Set Date) to pre-market trading on Wednesday, 15 November 2023 (being the expected date of initial quotation of the Bonds).
Intended redemption of Subordinated Notes	Friday, 1 March 2024

* The dates set out above are indicative only and subject to change. Channel Infrastructure may, in its absolute discretion and without notice, vary the timetable. Changes will be advised by way of announcement through NZX.

Indicative Terms Sheet

Unsecured,
Unsubordinated,
6 year fixed
rate bonds

30 October 2023

Joint Lead Managers:

Indicative terms sheet dated 30 October 2023

Unsecured, unsubordinated, fixed rate bonds due 14 November 2029

This indicative terms sheet (**Terms Sheet**) is prepared in respect of an offer (**Offer**) by Channel Infrastructure NZ Limited (**Channel Infrastructure**) of up to \$75,000,000 of unsecured, unsubordinated, fixed rate bonds (**Bonds**) (with the ability to accept oversubscriptions of up to an additional \$25,000,000 at Channel Infrastructure's discretion) under its Master Trust Deed dated 20 November 2018 (as amended on 27 June 2019 and from time to time) (**Trust Deed**), as modified and supplemented by the supplemental deed dated 29 October 2023 (**Supplemental Deed** and, together with the Trust Deed, **Trust Documents**). Capitalised terms used but not defined in this Terms Sheet have the meaning given to them in the Trust Documents.

Important Notice

The Offer of debt securities by Channel Infrastructure is being made in reliance upon the exclusion in clause 19 of schedule 1 of the Financial Markets Conduct Act 2013 (**FMCA**). Except for the interest rate and maturity date, the Bonds will have identical rights, privileges, limitations and conditions as Channel Infrastructure's \$100,000,000 5.80% unsecured, unsubordinated, fixed rate bonds maturing on 20 May 2027 which are quoted on the NZX Debt Market under the ticker code CHI020 (**Existing Bonds**).

Accordingly, the Bonds are of the same class as the Existing Bonds for the purposes of the FMCA and the Financial Markets Conduct Regulations 2014.

Channel Infrastructure is subject to a disclosure obligation that requires it to notify certain material information to NZX Limited (**NZX**) for the purpose of that information being made available to participants in the market and that information can be found by visiting www.nzx.com/companies/CHI/announcements.

The Existing Bonds are the only debt securities of Channel Infrastructure that are currently quoted and in the same class as the Bonds. Investors should look to the market price of the Existing Bonds to find out how the market assesses the returns and risk premium for those bonds.

You must read this Terms Sheet (including the section "*Independent assessment and advice and further information*" on page 9 and all of the further materials and information referred to in that section) carefully and in full when considering the Offer.

Issuer	Channel Infrastructure NZ Limited (Channel Infrastructure).
Description	Unsecured, unsubordinated, fixed rate bonds.
Offer amount	Up to \$75 million (with the ability to accept oversubscriptions of up to an additional \$25 million at Channel Infrastructure's discretion). The Offer is not underwritten.
Term	6 years maturing on Wednesday, 14 November 2029.
Opening Date	Monday, 30 October 2023.
Closing Date	11.00am on Friday, 3 November 2023.
Rate Set Date	Friday, 3 November 2023.
Issue Date	Tuesday, 14 November 2023.
Maturity Date	14 November 2029.
Issue price	\$1.00 per Bond, being the Principal Amount of each Bond.
No credit rating	The Bonds will not be rated. Channel Infrastructure is not rated.
Purpose of the Offer	<p>The net cash proceeds raised under the Offer (excluding the value of any Subordinated Notes purchased under the Exchange Mechanism) are intended to be applied towards:</p> <ol style="list-style-type: none"> 1. repaying a portion of Channel Infrastructure's existing bank debt; 2. redeeming on 1 March 2024 any Subordinated Notes that are not otherwise purchased on the Issue Date under the Exchange Mechanism; and 3. general corporate purposes. <p>The Bonds will also provide diversification of funding that aligns with an infrastructure business.</p>
Subordinated Notes	<p>The existing subordinated notes issued by Channel Infrastructure on 14 December 2018, which are quoted on the NZX Debt Market under the ticker CHI010.</p> <p>A trading halt in respect of the Subordinated Notes will occur from pre-market trading on Monday, 6 November 2023 (being the first trading day following the Rate Set Date) to pre-market trading on Wednesday, 15 November 2023 (being the expected date of initial quotation of the Bonds).</p>
Subordinated Noteholder	A holder of Subordinated Notes.
Redemption of Subordinated Notes on the first election date (1 March 2024) if the Offer is successful	If the bookbuild for the Offer is successful, Channel Infrastructure intends to issue a redemption notice in respect of the Subordinated Notes on or before 16 January 2024 in order to redeem any Subordinated Notes on 1 March 2024 (being the first scheduled election date) that are not otherwise purchased on the Issue Date under the Exchange Mechanism. For each Subordinated Note redeemed on 1 March 2024, Channel Infrastructure will pay to the relevant Subordinated Noteholder an amount equal to the principal amount of the Subordinated Note (\$1.00) plus the final semi-annual interest payment.

Exchange Mechanism

If the bookbuild for the Offer is successful, Subordinated Noteholders that hold Subordinated Notes through a custodial account and who wish to apply for the Bonds (**Custodial Subordinated Noteholders**) may be able to exchange all or some of their Subordinated Notes for an equal number of Bonds on the Issue Date (on a one-for-one basis at a face value of \$1.00).

This Exchange Mechanism will only be available to a Custodial Subordinated Noteholder if:

- a) the Custodial Subordinated Noteholder receives an allocation of Bonds from a participant in the bookbuild for the Offer; and
- b) Channel Infrastructure and the relevant participant (acting on the authorisation of the Custodial Subordinated Noteholder) have agreed to the exchange in respect of an agreed number of Subordinated Notes (**Exchanged Subordinated Notes**).

Channel Infrastructure will purchase the Exchanged Subordinated Notes on the Issue Date (14 November 2023) (rather than redeem them on 1 March 2024 as described above under the heading "Redemption of Subordinated Notes if the Offer is successful").

Channel Infrastructure will satisfy its obligation to purchase the Exchanged Subordinated Notes on the Issue Date by:

- a) issuing Bonds to the relevant custodian (that maintains the custodial account on behalf of its Custodial Subordinated Noteholder participating in the Exchange Mechanism) equal in number to the Exchanged Subordinated Notes purchased from the relevant custodian (on a one-for-one basis); and
- b) paying a final interest payment on the Exchanged Subordinated Notes for the period from (and including) the previous interest payment date for the Exchanged Subordinated Notes (1 September 2023) to (but excluding) the Issue Date.

No additional amounts are payable by a Custodial Subordinated Noteholder for any Bonds that are issued under the Exchange Mechanism.

Channel Infrastructure's obligation to purchase the Exchanged Subordinated Notes will be satisfied once it has issued the relevant number of Bonds and paid the final interest payment referred to in paragraph (b) above.

Any Exchanged Subordinated Notes purchased by Channel Infrastructure under the Exchange Mechanism will be cancelled in accordance with the Trust Documents. This will reduce the total amount of Subordinated Notes outstanding which may impact trading of the Subordinated Notes on the secondary NZX Debt Market.

For the avoidance of doubt, the Exchange Mechanism does not restrict:

- a) a Custodial Subordinated Noteholder from seeking to invest in more or less Bonds under the Offer than the number of Subordinated Notes beneficially held by the Custodial Subordinated Noteholder; or
- b) any other Subordinated Noteholder (that is not a Custodial Subordinated Noteholder) from seeking to invest in the Bonds under the Offer.

The Issue Price for each Bond that is not otherwise settled under the Exchange Mechanism must be cash settled on the Issue Date.

Retail investors (including Subordinated Noteholders) who wish to participate in the Offer and invest in the Bonds (including under the Exchange Mechanism, to the extent available to that investor) should contact their financial adviser, one of the Joint Lead Managers or another Primary Market Participant – see the sections below titled "Who may apply for Bonds" and "How to apply" for further information.

Channel Infrastructure Group

Channel Infrastructure and all of its subsidiaries, at that date.

Security

The Bonds are not secured against any assets of Channel Infrastructure or any other member of the Channel Infrastructure Group.

Guarantee	<p>The Bonds will be guaranteed by the Guarantors under the negative pledge deed dated 28 April 2022 granted by Channel Infrastructure and Channel Terminal Services Limited in favour of, among others, the Supervisor (the Negative Pledge Deed).</p> <p>As at the date of this Terms Sheet, Channel Terminal Services Limited (a wholly-owned subsidiary of Channel Infrastructure) and Channel Infrastructure are the only Guarantors.</p> <p>Under the Negative Pledge Deed, the Guarantors have agreed that:</p> <ol style="list-style-type: none"> at all times the Total Tangible Assets of the Guaranteeing Group will not be less than 85% of the Total Tangible Assets of the consolidated Channel Infrastructure Group; and on each test date, EBITDA of the Guaranteeing Group will not be less than 85% of EBITDA of the consolidated Channel Infrastructure Group.
Ranking of the Bonds	<p>On a liquidation of Channel Infrastructure, each Bond will rank as unsecured and unsubordinated debt obligations of Channel Infrastructure, ranking:</p> <ul style="list-style-type: none"> behind any secured liabilities and liabilities which are preferred by law; equally with other Bonds and equally among the rights and claims of equal ranking obligations including the lenders of Channel Infrastructure's bank debt and all other unsecured, unsubordinated obligations, including trade creditors and the Existing Bonds; and ahead of holders of subordinated debt (including the Subordinated Notes) and ahead of shareholders of Channel Infrastructure. <p>Amounts owing under the Guarantee constitute unsecured, unsubordinated debt obligations of each Guarantor and on a liquidation of a Guarantor, amounts owing to holders of Bonds under the Guarantee rank equally with all other unsecured unsubordinated obligations of that Guarantor.</p>
Interest Rate	<p>The Bonds will pay a fixed rate of interest until the Maturity Date.</p> <p>The Interest Rate will be determined by Channel Infrastructure in conjunction with the Joint Lead Managers following the bookbuild process and will be set as the sum of the Swap Rate and the Issue Margin, subject to the minimum Interest Rate of 6.75% per annum.</p> <p>The Interest Rate will be announced by Channel Infrastructure via NZX on or about the Rate Set Date.</p>
Indicative Issue Margin range	<p>The indicative Issue Margin range is 1.70% to 1.85% per annum.</p>
Issue Margin	<p>The Issue Margin (which may be above, within or below the indicative Issue Margin range mentioned above) will be determined by Channel Infrastructure (in consultation with the Joint Lead Managers) following the bookbuild process and announced via NZX on or shortly after the Rate Set Date.</p>
Swap Rate	<p>The mid-market swap rate of a term matching the period from the Issue Date to the Maturity Date, as calculated by Channel Infrastructure in conjunction with the Joint Lead Managers, according to market convention, with reference to Bloomberg page 'ICNZ4' (or any successor page) on the Rate Set Date and expressed on a quarterly basis (rounded to 2 decimal places, if necessary, with 0.005 rounded up).</p>
Interest Payments	<p>Interest shall accrue on each Bond from (and including) the Issue Date to (and excluding) the Maturity Date and shall be paid quarterly in arrear in equal amounts on each Interest Payment Date, being 14 February, 14 May, 14 August and 14 November in each year (or if that day is not a Business Day, the next Business Day) until and including the Maturity Date.</p> <p>The First Interest Payment Date is 14 February 2024.</p> <p>If any interest accrual period is shorter or longer than the other interest accrual periods because it starts on the Issue Date or ends the day prior to the Maturity Date, interest will be calculated on the basis of the number of days in the relevant period and a year of 365 days.</p>

Record Date	<p>The record date for each payment date under the Bonds (including in respect of any Principal Amount and each Interest Payment Date) is 5.00pm on the date that is 10 Business Days before the due date for such payment.</p> <p>Payment shall be made to the person whose name appears in the register as the Holder of the Bond on the relevant Record Date.</p>
Business Day	<p>A day (other than Saturday or Sunday) on which registered banks are generally open for business in Auckland and Wellington, except that in the context of the Listing Rules it means a day on which the NZX Debt Market is open for trading.</p>
Financial covenants	<p>The Supplemental Deed contains the following financial covenants:</p> <ol style="list-style-type: none"> a) the ratio of EBITDA of the consolidated Channel Infrastructure Group to Net Interest Expense of the consolidated Channel Infrastructure Group (calculated for the 12-month period ending on each relevant test date) will not be less than 2.50:1 on two successive semi-annual test dates (the Interest Cover Ratio); and b) the ratio of Net Debt of the consolidated Channel Infrastructure Group to Net Debt plus Equity does not at any time exceed 60% (Gearing Ratio).
Negative pledge	<p>The Negative Pledge Deed contains a negative pledge which provides that Channel Infrastructure and each other Guarantor will not create or permit to subsist any security over their assets other than certain permitted security interests which are described in the Negative Pledge Deed which include, for example, security interests arising by operation of law or securing certain taxes or other governmental or regulatory levies, duties or imposts, rights of set off and netting and deferred purchase or title retention in the ordinary course of business where the amount secured is not outstanding for more than 120 days. Channel Infrastructure and each other Guarantor may, in addition, from time to time create or permit to subsist other security interests over their assets provided that the aggregate principal amount secured by all such other security interests does not exceed 7.5% of the Total Tangible Assets of the consolidated Channel Infrastructure Group.</p> <p>This is not a complete list of the circumstances in which Channel Infrastructure or a Guarantor may grant security. Full details can be found in the Negative Pledge Deed.</p>
Early redemption	<p>Holders of Bonds have no right to require Channel Infrastructure to redeem the Bonds prior to the Maturity Date. However, Channel Infrastructure may be required to repay the Bonds early if there is an Event of Default (as described in the Supplemental Deed). The Events of Default are:</p> <ul style="list-style-type: none"> • failure by Channel Infrastructure or a Guarantor to make a payment under a Transaction Document (which includes failure to make payment under the Bonds), subject to certain grace periods; • failure to comply with the Interest Cover Ratio or failure to comply with the Gearing Ratio; • any material misrepresentation by Channel Infrastructure or a Guarantor under a Transaction Document, subject to certain grace periods; • a breach by Channel Infrastructure or a Guarantor of a provision of a Transaction Document in a material respect, subject to certain grace periods; • indebtedness of Channel Infrastructure or any other Guarantor for borrowed money in an amount equivalent to \$10 million or more in aggregate is not paid when due (subject to any applicable grace periods) or is accelerated by being declared due and payable before it would otherwise have been due by reason of any event of default, termination event or equivalent or analogous event; and • an Insolvency Event occurs in respect of Channel Infrastructure or a Guarantor.
Further Indebtedness	<p>Channel Infrastructure may, without the consent of the Holders of the Bonds, issue additional securities or incur other debt obligations on such other terms and conditions as Channel Infrastructure may think fit subject to compliance with the Gearing Ratio and any other applicable restrictions in its other funding documents from time to time.</p>

Minimum application amount	Minimum application of \$5,000 with multiples of \$1,000 thereafter.
Transfer restrictions	<p>Holders of Bonds are entitled to sell or transfer their Bonds at any time subject to the terms of the Trust Documents and applicable securities laws and regulations. Channel Infrastructure or the Securities Registrar may decline to accept or register a transfer of the Bonds for the reasons set out in the Trust Documents.</p> <p>Channel Infrastructure may decline to accept or register a transfer of the Bonds if the transfer would result in the transferor or the transferee holding or continuing to hold Bonds with a Principal Amount of less than \$5,000 (if not zero) or if the transfer is not in multiples of \$1,000.</p>
Brokerage	<p>Channel Infrastructure will pay 0.50% brokerage plus a firm allocation fee of 0.25% on the aggregate principal amount of Bonds issued under the Offer. Such amounts will be paid to the Arranger, who will distribute the funds to Primary Market Participants and other approved financial intermediaries as appropriate.</p> <p>You are not required to pay any additional brokerage or any other fee or charges to Channel Infrastructure to purchase the Bonds. However, you may have to pay brokerage to the firm from whom you receive an allocation of Bonds, or for the transfer of Bonds.</p>
ISIN	NZCHIDT003C0.
Quotation	Channel Infrastructure will take any necessary steps to ensure the Bonds are, immediately after issue, quoted on the NZX Debt Market. Application has been made to NZX for permission to quote the Bonds on the NZX Debt Market and all the requirements of NZX relating to that quotation that can be complied with on or before the date of distribution of this Terms Sheet have been duly complied with. However, the Bonds have not yet been approved for trading and NZX accepts no responsibility for any statement in this Terms Sheet. NZX is a licensed market operator, and the NZX Debt Market is a licensed market, under the FMCA.
NZX Debt Market ticker code	NZX ticker code CHI030 has been reserved for the Bonds.
Expected date of initial quotation on NZX Debt Market	Wednesday, 15 November 2023.
Who may apply for Bonds	<p>The Offer is open to investors resident in New Zealand and institutional investors.</p> <p>There is no public pool for the Bonds.</p> <p>All Bonds (including any oversubscriptions) have been reserved for subscription by clients of the Joint Lead Managers, Primary Market Participants and other approved financial intermediaries invited to participate in the bookbuild process conducted by the Joint Lead Managers.</p>
How to apply	<p>Investors (including Subordinated Noteholders who wish to participate in the Offer) should contact a Joint Lead Manager, their financial adviser or any Primary Market Participant for details on how they may acquire Bonds. You can find a Primary Market Participant by visiting www.nzx.com/services/market-participants.</p> <p>Whether in respect of oversubscriptions or generally, any allotment of Bonds will be at Channel Infrastructure's discretion, in consultation with the Joint Lead Managers. Channel Infrastructure reserves the right to refuse all or any part of an application without giving any reason.</p> <p>Each investor's broker or financial adviser will be able to advise them as to what arrangements will need to be put in place for the investor to trade the Bonds including obtaining a common shareholder number (CSN), an authorisation code (FIN) and opening an account with a Primary Market Participant, as well as the costs and timeframes for putting such arrangements in place.</p>
Governing law	New Zealand.
Arranger	Forsyth Barr Limited.
Joint Lead Managers	ANZ Bank New Zealand Limited, Craigs Investment Partners Limited, Forsyth Barr Limited and Jarden Securities Limited.
Supervisor	The New Zealand Guardian Trust Company Limited.
Securities Registrar	Computershare Investor Services Limited.

Important information and disclaimer

The Arranger, Joint Lead Managers and Supervisor and their respective directors, officers, employees and agents: (a) have not authorised or caused the issue of, or made any statement in, any part of this Terms Sheet, (b) do not make any representation, recommendation or warranty, express or implied regarding the origin, validity, accuracy, adequacy, reasonableness or completeness of, or any errors or omissions in, any information, statement or opinion contained in this Terms Sheet, and (c) to the extent permitted by law, do not accept responsibility or liability for this Terms Sheet or for any loss arising from this Terms Sheet or its contents or otherwise arising in connection with the offer of Bonds.

This Terms Sheet does not constitute financial advice or a recommendation from Channel Infrastructure, the Arranger or the Joint Lead Managers or any of their respective directors, officers, employees and agents to purchase any Bonds.

You must make your own independent investigation and assessment of the financial conditions and affairs of Channel Infrastructure before deciding whether or not to invest in the Bonds.

The dates and times set out in this Terms Sheet are indicative only and are subject to change. Channel Infrastructure has the right in its absolute discretion and without notice to amend the indicative Issue Margin range and Offer amount, close the Offer early, to extend the Closing Date, or to choose not to proceed with the Offer. If the Closing Date is extended, subsequent dates may be extended accordingly. Channel Infrastructure reserves the right to cancel the Offer and the issue of the Bonds, in which case all application monies received will be refunded (without interest) as soon as practicable.

Any internet site addresses provided in this Terms Sheet are for reference only and, except as expressly stated otherwise, the content of any such internet site is not incorporated by reference into, and does not form part of, this Terms Sheet.

Investors are personally responsible for ensuring compliance with all relevant laws and regulations applicable to them (including any required registrations).

Selling restrictions and indemnity

You may only offer for sale or sell any Bonds in conformity with all applicable laws and regulations in any jurisdiction in which it is offered, sold or delivered.

Channel Infrastructure does not intend that the Bonds be offered for sale, and has not taken and will not take any action which would permit a public offering of Bonds, or possession or distribution of any offering material in respect of the Bonds, in any country or jurisdiction where action for that purpose is required (other than New Zealand).

Any information memorandum, disclosure statement, circular, advertisement or other offering material in respect of the Bonds may only be published, delivered or distributed in compliance with all applicable laws and regulations (including those of the country or jurisdiction in which the material is published, delivered or distributed).

By subscribing for Bonds, each investor agrees to indemnify, Channel Infrastructure and the other members of the Channel Infrastructure Group, the Supervisor, the Arranger and the Joint Lead Managers and their respective directors, officers, employees and agents (each an "Indemnified Person") in respect of any loss, cost, liability or damages suffered or incurred by that Indemnified Person as a result of an investor breaching the selling restrictions referred to in this section.

Independent assessment and advice and further information

Investors must, before deciding whether or not to invest in the Bonds:

- a) make their own independent investigation and assessment of the financial condition and affairs of Channel Infrastructure and the risks associated with an investment in the Bonds; and
- b) seek qualified, independent legal, financial and taxation advice; and
- c) carefully read and consider Channel Infrastructure's NZX announcements (together with the materials attached to those announcements), financial results, presentations and reports, available at www.channelnz.com/investor-centre/, including:
 - the investor presentation released on 30 October 2023 which provides further important information in relation to Channel Infrastructure and the Offer;
 - the analyst day presentation released on 19 October 2023;
 - Channel Infrastructure's half year report and results presentation for the six months ended 30 June 2023 released on 23 August 2023;
 - Channel Infrastructure's most recent annual report and annual results presentation for the year ended 31 December 2022 released on 24 February 2023; and
 - the product disclosure statement published on 28 April 2022 in respect of the offer of Existing Bonds (including, without limitation, Section 6 (*Risks of investing*)).

The full terms and conditions of the Bonds are set out in the Trust Documents, which are available at Channel Infrastructure's website at www.channelnz.com/investor-centre/bond-offer
